Since 1995

Wheel Pros has been at the forefront of the automotive aftermarket industry, fueling the passion of enthusiasts everywhere. What started as a couple of gearheads with a love for wheels has grown into a global powerhouse, offering the most innovative designs and cutting-edge performance solutions for vehicles of all kinds. From the racetrack to the street, our wheels, tires, and accessories are crafted to outperform at every turn.

All of our products are designed by enthusiasts in the U.S.A., with domestic and international manufacturing facilities, and a distribution and dealer network capable of fulfilling orders to enthusiasts anywhere, anytime. No other company does it like Wheel Pros.

FIND REPLACEMENT PARTS

Our Wheel ACC site has replacement parts like hardware, beadlock rings and center caps for most of our wheels.

Scan the QR code with your mobile device to be taken directly to our accessory page.

MSA OFFROAD WHEELS

CAST 1-PIECE & FORGED WHEELS

At MSA Wheels, we craft high-performance wheels designed exclusively for ATV and UTV enthusiasts who demand both style and function. Built for off-road dominance, our wheels are engineered to excel in mud, trails, and extreme conditions. With a wide range of fitments, finishes, and striking designs, MSA Wheels delivers the perfect combination of durability, performance, and bold aesthetics for your off-road adventures.

MSA OFFROAD WHEELS

CAST BEADLOCK WHEELS

MSA cast wheels deliver dependable strength and bold off-road style for UTVs, ATVs, and side-by-sides that see real action. Built using advanced casting methods, they balance durability and value while giving riders aggressive designs and finishes that look just as good on the trail as they do at the trailhead.

Beadlock wheels are not DOT approved and for off-road use only.

GRIN FFV109 MESH-STYLE DOMINANCE

The Grin FFV109 delivers an uncompromising mesh-style design, forged for maximum strength and relentless performance. Built to take punishment, it combines lightweight durability with an aggressive stance that refuses to blend in. Through the Wheel Pros Custom Shop, each forged wheel is CNC-machined in-house from aerospace-grade aluminum and built to your exact specs—and did we mention nearly unlimited finish options? Yeah, we've got that covered too. Forged to perform. Built to stand apart.

UTV TIRES

When the road ends, EFX Off-Road Tires are just getting started. Designed for the most demanding off-road conditions, EFX tires deliver exceptional durability, traction, and performance in the harshest terrains.

EFX TIRES HAS BEEN LEADING THE WAY IN PERFORMANCE MUD, SAND AND ALL TERRAIN TIRES.

ALL TERRAIN
MOTORALLY

The MotoRally features an upgraded tread design utilizing increased pattern spacing and improved staggered sidewall lugs – resulting in a hard packed powerhouse that handles rocks with ease.

ALL TERRAIN
MOTOHAMMER

The MotoHammer tire is the single best hard pack tire on the market, boasting the best/ largest contact patch, superior traction control, rugged 8-ply carcass and radial performance.

ALL TERRAIN
MOTORAVAGE

Designed to conquer every terrain from rocks to sand, the MotoRavage's 8-Ply rating, soft compound and deep tread blocks don't even blink at a gnarly rock garden or mud pit.

ALL TERRAIN
MOTORAVAGE XL

The all-new MotoRavage XL builds off the wildly successful MotoRavage with a deeper sidewall and increased lug depth of up to 1.5" guaranteed to get you out of the deep mud pits and over the rocks with ease.

ALL TERRAIN
MOTOCLAW

The MotoClaw comes standard with incredibly strong lugs, spaced precisely right to provide a smooth ride under the most intense terrain. This ATV tire will climb rocks, grab roots, latch on to side ruts and perform in light mud.

ALL TERRAIN
MOTOFORCE

The EFX MotoForce has a tough 6-ply bias construction with deep 3/4" lug depth that extends beyond the shoulder into the sidewall for superior sidewall protection from rocks, ruts or hazards.

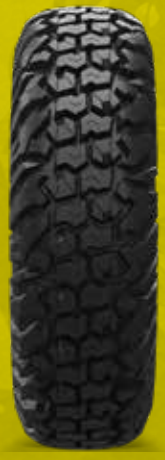

ALL TERRAIN
MOTO MTC

The MotoMTC boasts a 6-Ply construction with enormous 1.25" lugs, spaced just right to provide a smooth ride under the most intense terrain. This tire will climb rocks, grab roots and even perform in light mud and sand.

ALL TERRAIN
MOTOMAX

The MotoMax ATV tire is an all-purpose mud tire designed to perform in medium to light mud while providing a stable, comfortable ride on hard pack surfaces. Designed with deep 1" lugs and evenly spread contact patch for stable traction

ALL TERRAIN
MOTOVATOR

The MotoVator is a true radial, steel belted, puncture resistant tire, capable of high speeds on any hard pack surface. Utilizing light truck engineering, the inner and outer bead are steel belted to ensure the smoothest, quietest ride quality on the market.

ALL TERRAIN
MOTOCRUSHER

The MotoCrusher's 8-ply radial construction is made from a proprietary competition-grade compound, making it the softest, stickiest, and most versatile off-road tire in our lineup. Engineering with a flexible reinforced sidewall for low-pressure applications and advanced siping for increased traction.

MUD
MOTOSLAYER

Make the elements dread the tread with the all-new EFX MotoSlayer. Owning up to its namesake, the MotoSlayer shows no mercy while brutalizing the mud pits and its competition along the way. Neurotically engineered to be the most capable mud tire in the industry, the MotoSlayer boasts an updated checkmark tread design built for ample tracking in forward and reverse.

MUD
MOTOHAVOK

The MotoHavok is the only ag-style mud tire to feature an ultra deep wheel lip protector, armoring your custom wheels from debris when in motion. The tread pattern is industry first check mark design giving you ample traction in both drive and reverse.

UTV TIRES

When the road ends, EFX Off-Road Tires are just getting started. Designed for the most demanding off-road conditions, EFX tires deliver exceptional durability, traction, and performance in the harshest terrains.

Maxxis Tires are engineered for drivers who demand durability, performance, and confidence on every road surface. Maxxis delivers reliable traction and long-lasting value across a wide range of driving conditions. At Wheel Pros, we're proud to offer Maxxis as a trusted choice for both everyday driving and off-road adventures.

MAXXIS

UTV TIRES

ROXXZILLA
POWERSPORT TIRES

The Maxxis Roxxzilla is an elite-level, 8-ply radial UTV tire designed for extreme rock crawling, featuring a specialized soft, flexible compound for maximum traction. Known for dominating King of the Hammers (KOH) races, it offers exceptional side bite with large shoulder lugs and is available in both standard and "sticky" competition compounds, with sizes up to 37-inches.

LOGIQ products simplify the air suspension experience while providing maximum performance and versatility in a user-friendly and reliable package. Whether you're towing your RV, going off-roading, or just looking for a more comfortable ride, LOGIQ has the right solution for you.

LOGIQ™
AIR SUSPENSION SOLUTIONS

THE BEST RIDE FOR TOWING AND HAULING.

\\WHY LOGIQ OVER THE OTHERS?

- Industry Leading **Ride Comfort**
- **Load Support** for Heavy Hauling
- Seamless **All-In-One** Solutions
- **Smarter** Air Management
- **Pre-Assembled** and Direct-Fit Products
- Limited **Lifetime Warranty**

ULTIMATE IN-CAB COMFORT // MASSIVE LIFTING CAPACITY // SMARTER LOAD LEVELING

[LOGIQ] *brand* /loj-ik/

A company solving suspension challenges with innovative solutions. Utilizing new technology to bring elevated capabilities and comfort to vehicles of all sorts. Challenging contemporaries while setting the new standard of ride quality. Created by experts and enthusiasts with 20+ years in the field.

AIR SPRING KITS & AIR MANAGEMENT

ENHANCED STABILITY & LOAD SUPPORT

EXCELLENT RIDE QUALITY

OEM HITCH INTEGRATION

LOGIQ Air Spring Kits bring the most sophisticated Air Spring technology to your truck. Our kits are vehicle specific, which let's us fine tune ride frequency for each application, ensuring the best possbile ride while still maximizing load support. Depending on your truck, we have Leaf Assist or Coil Replacement Solutions.

USER DEFINED PRESSURE PRESETS

HIGH FLOW AIR COMPRESSOR

SMART WIRELESS CONTROL

Control is in the palm of your hands with LOGIQ Air Management. Our AirIQ system is the brains of the operation, allowing you to wirelessly operate your air springs with presets or full manual control. We have various AirIQ packages to choose from depending on your needs.

LOGIQ Air Spring Kits reimagine “helper bags” by combining heavy-duty lifting capacity with improved ride quality in a single, integrated system. LOGIQ Air Springs can be intelligently monitored and controlled using LOGIQ’s air management technology, known as AirIQ.

\\ WHICH **AIR MANAGEMENT** IS RIGHT FOR YOU?

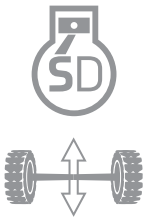

AirIQ SD1

PN: 50-41100

Our most affordable AirIQ solution with a Standard Duty compressor and single channel valving for control of both air springs together.

Standard Duty Air Compressor
25% Duty Cycle
2.03 CFM @ 0 psi

1-Channel
Rear Raise/Lower (Together)

AirIQ SD2

PN: 50-41200

Upgrade to independent corner control with dual valving to manage offset or top-heavy loads and reduce body roll while cornering.

Standard Duty Air Compressor
25% Duty Cycle
2.03 CFM @ 0 psi

2-Channel
Rear Raise/Lower (Individual/Together)

AirIQ HD2

PN: 50-42200

Step up to a Heavy Duty compressor with dual-channel valving for ultimate performance.

Heavy Duty Air Compressor
33% Duty Cycle
2.62 CFM @ 0 psi

2-Channel
Rear Raise/Lower (Individual/Together)

AIRIQ REMOTE CONTROL

PN: 50-21200

The AirIQ Bluetooth Remote Control allows real-time pressure adjustment and preset selection of any AirIQ SD1/SD2/HD2 from up to 200 feet away. The full color LCD display offers crystal-clear daytime and nighttime operation, while 3 AAA batteries ensure extended use. The included magnetic visor dock secures the remote for easy access.

ALUMINUM BOOST TANK

PN: 50-10200

2-gallon Aluminum Air Tank for faster recovery & additional air storage capacity.

GORILLA®
AUTOMOTIVE PRODUCTS

WHEEL ACCESSORIES

With over 40 years of experience, Gorilla Automotive Products remains at the forefront of wheel accessories. Our extensive catalog includes lug nuts, lug bolts, and wheel locks for both OEM and aftermarket wheels. Complemented by a variety of sockets, tools, and installation accessories, Gorilla offers everything you need to stay on the road.

OE/FACTORY LUGS

Factory replacement one-piece lugs. Available for multiple OE applications.

SPIKE LUGS

Available in multiple colors and thread pitches.

SPLINE LUGS

Available in multiple colors and thread pitches.

WHEEL LOCKS

Available in black and chrome finishes. Supports OE and aftermarket applications.

STUD BOLTS

Available in chrome or black, splined or hex heads and multiple thread pitches and thread lengths.

INSTALL KITS

ADHESIVE WHEEL WEIGHTS

Available in strips and rolls in silver and black

TORQUE WRENCHES

#TW605- 20-150FT/LBS
#TW705 -50-250 FT/LBS

FORGED WHEEL SPACERS/ADAPTERS

Available in multiple bolt patterns.

HUBCENTRIC SPACERS*

Available in silver and black, multiple bolt patterns and thicknesses.

**It is recommended to use extended lug studs when using these on a vehicle.*

PROGRAMMABLE TPMS SENSOR

Most Popular variant of EZ-Sensor, single-SKU dual band solution, same fit/finish as OE sensors and over 95% coverage of VIO.

Powered by Schrader

MASTER KEY SET

#MASTER-KEYG

Thin-walled 16-piece set. With spline style keys, hex/star keys and double-hex head.

RUGGED. RELIABLE. Ridiculously BRIGHT

Since 2008, Morimoto has been building the best lighting upgrades for the automotive aftermarket...Consistently turning out products packed with more performance, reliability, and best in class fitment & style. As a new player in the off-road game, we have embraced that philosophy big time, pumped up the Redbull intake, and now it's time for the old competition to rethink their strategy. The brand new, patent-pending line of 1Banger, 2Banger, 4Banger and BigBanger Off-Road LED lights were completely designed, engineered, and tested in the USA, and everything about them is truly next level.

Available as: Wide, Combo and Spot Beams with interchangable Clear or Yellow TIR Optics.
